In my first year here at McKendree, I have met a lot of wonderful people. The people at McKendree seem to form a close knit family. As a freshman, the family takes you in under their wing. As a sophomore, they welcome you back with open arms. As a junior, they are there to encourage you and help you strive to obtain your goals. Finally, as a senior, your family bids a fond farewell to you and tells you that they will always be there for you. I would just like to say, "THANK YOU!" to all those wonderful people who have helped me this past year. This book is dedicated to all "McKendreans" past and present who have kept the spirit alive in the form of White and Purple Passion.

Mike
